Sporting fraternity and sports lovers across the country applauded and felt happy when President Pranab Mukherji handed over the prestigious Arjuna Awards to several eminent sports personalities at a glittering function in the national capital recently on the occasion of National Sports Day. However, nobody perhaps would have given thought of the creator of the slick and wonderfully crafted trophies that dazzled in the hands of these well-known sporting icons. The unsung hero is Gajendra Prasad Sahu, a painter and Sculptor based in Bhubaneswar. The 53-year old artist has been making the Arjuna Award trophies for the last five years. Not only Arjuna Awards, Sahu is also creator of well-designed Drona charya, Dhyanchand and Tenzing Norgay trophies that are presented every year by the Union Sports and Youth Affairs Ministry to an eminent coach, an important hockey player and an individual for bravery respectively.

The turning point in Sahu's life however came in 2009 when the ministry of Sports and Youth Affairs decided to re-design the trophy for popular and most sought after Arjuna Award for sporting icons and invited applications from artists across the country. Sahu responded and sent the sketches of his designs which were approved by the union ministry. Once the preliminary sketches were okayed, he was summoned to New Delhi to submit his final design, which, too, was approved and he was assigned the job of making the trophies for the prestigious sports awards every year. He won the job despite the stiff competition from individual as well as institutional competitors. Interestingly, though Sahu creates the most coveted trophies for the Indian sports icons, he never had any personal interest in sports. His works of paintings have found a place in art galleries and exhibitions in different parts of the country.
